Heritage Sandy Springs

Heritage Sandy Springs is a not-for-profit organization that funds and operates Heritage Green, a four-acre city park located in the heart of Sandy Springs. All rental fees help support the numerous free or low-cost programs and events held here throughout the year.

Heritage Green offers recreational, educational, and cultural opportunities designed to enhance the quality of life for Sandy Springs residents. As the only green space located in the center of our young city, the park has been a natural gathering place for the community since the property was saved from commercial development in the mid 1980s. Each year, thousands of visitors are drawn to Heritage Green for the award-winning Sandy Springs Festival, as well as to visit the Heritage Sandy Springs Museum located in the historic Williams-Payne House, stroll the shady gardens, and attend private events.

Heritage Sandy Springs is proud to partner with the City of Sandy Springs to preserve and protect this vital urban green space.

Directions: From I-285, take the Roswell Road exit (exit 25), and go north approximately ½ mile. Turn left onto Hammond Drive. Go one block and turn right onto Sandy Springs Circle. For the park, go one block and turn right onto Sandy Springs Place. The entrance will be on your left, and parking is available in the designated lot on your right. For the Bluestone Building and administrative office, continue straight on Sandy Springs Place until you reach the stop sign. Turn left onto Bluestone Road then take the first left into our lot.
